What's new:

- THE FINAL BLOOD SPORT (1997) A policeman tries to block Andrei Semenov's point of view from anti-tank machine gun position. He is surrounded by a brutalist, Russian Ark-lite, cold, marble-like, fantastical structure. HANGMAN II - THE FINAL BLOOD SPORT (1997) A policeman tries to block Andrei Semenov's point of view from anti-tank machine gun position. He is surrounded by a brutalist, Russian Ark-lite, cold, marble-like, fantastical structure. HANGMAN II - THE FINAL BLOOD SPORT (1997) A policeman tries to block Andrei Semenov's point of view from anti-tank machine gun position. He is surrounded by a brutalist, Russian Ark-lite, cold, marble-like, fantastical structure. HANGMAN II - THE FINAL BLOOD SPORT (1997) The special stage of the HANGMAN game II is set on the island of Naumok's Archipelago which is split into several more levels than its predecessor. Here, the player faces two armed opponents placed at three different points on a circular floor. One can be seen wielding a gun, while the other uses an anvil. The player is free to approach freely from any side. Yet, in return, he will be continuously ambushed from all sides. HANGMAN II - THE FINAL BLOOD SPORT (1997) Throughout the bridge, the player undergoes several crimes; then after bending

the bridge's bars, he begins crossing it. Eventually, he finds himself on a metal island. The player is forced to stay there for few seconds, as the next arc on the circular floor rises up. Then it lands back on the level ground and the player hears the sounds of an approaching dinosaur. He's really scared and turns on the machine gun, but his shot is directed wrongly and it sinks into an earthworm. **HANGMAN II - THE FINAL BLOOD SPORT (1997)** The site's initial structure is an old Russian fort. It is situated on a fortress turret, covered from high-tension pylons and is surrounded by a shallow moat. The game starts with the player sheltering near the entrance. The NPC you are sneaking up on begins to search for you. When your friend isn't looking, you sneak around the corner until he returns. Then you both

AsteroidsHD is a one-of-a-kind arcade-style space shooter in which you fire and destroy asteroids with your space-frigate. Engage in tactical space-warfare with your friends and foes! You'll need to be fast and cool to survive. AsteroidsHD is a game of skill, reflexes, and control. Once you see that Asteroid, and feel your ship vibrating underneath you, you know you are in for one hell of a ride. This game has two main game modes: Arcade and Online Multiplayer. The game is designed to have a single player practice mode and a unique Online Multiplayer game-mode. The Arcade has immediate respawn, and has three game-modes. In Arcade mode 1v1, 2v2, and 4v4 are available. Multiplayer consists of a lobby, matches, and rankings. To achieve the highest rank you can play any type of game and match the victory rank of any player on the server. Rankings are done as a part of monthly updates. USAGE / RULES: Playing AsteroidsHD Single Player / Offline 1. Multi-player Offline is not available at this time 2. Non-paying and Real-money play is not available at this time 3. Two-player parties allowed for offline play 4. Online multiplayer game-modes include 1v1, 2v2, and 4v4. Rankings are in the Monthly updates. 5. Be respectful of your opponents and the multiplayer game-modes 6. Do not abuse the game-modes. When abusing the game-modes, your rank will be revoked 7. Please note that the game is still in development and will be updated monthly with new content. Please reach out to support@newworldcoders.com with any feedback or bugs!

SERVER: Servers are created to be closed at the developer's discretion.
